The AchArya taught for 27 years in Higher Secondary Schools in deep rural areas of Tamizhnadu before taking to Holy Orders on 01-06-1989

- **He realised – first hand – that Education was amongst the most important tools to empower the poor & under privileged citizens!**

The early years of His Sannyasam kept him busy with many routine affairs, setting right the existing Veda Patasala & going on Yatra to meet & Bless the huge number of Sishyas all over the Country

- **HH then decided in 1996 - start an Institute of Higher Education to educate Rural Students!**

The College was inaugurated by the then Rashtrapathi, Dr Shankar Dayal Sharma (a disciple of The AchAryA) in July 1996 with 70 students

- **It was widely & wrongly perceived that HH started this Institution focussed on a particular forward community - NOT AT ALL!**

The proposed site was brilliant – SRIRANGAM – Headquarters of the Asramam that HH heads

& also most critically →

- **SRIRANGAM, the Holiest Shrine & a town with nearly 100,000 population, did not have an Arts & Science College before HH set one up!**

SRIMAD ANDAVAN ARTS AND SCIENCE COLLEGE

- Pl allow adiyen to walk you through the journey over the past 18+ years of this Unique Institution, known in common parlance as "Andavan College",
- Let us share the Founder's Vision & support His efforts to educate the under-privileged rural & semi urban children!
- Daasan RR - President, National Executive Committee,

SRIMAD ANDAVAN ARTS AND SCIENCE COLLEGE

- Known simply as "Andavan College" in a 100 mile radius around Tiruchirappalli Metro,

- The FIRST & <u>even now</u> the <u>only</u> Arts & Science College in the Oldest Town in Civilisation → SRIRANGAM PROPER
